#### **EXECUTIVE SUMMARY**

#### **Background**

The 2018 Legislature directed the Caseload Forecast Council (CFC) to submit a General Disproportionality Report annually prior each legislative session<sup>1</sup>. This report contains the following:

- a. Percentages based on the total number of adult felony sentences in each crime category, distributed by race;
- b. Percentages based on the total number of adult felony sentences reduced to misdemeanors in each crime category, distributed by race;
- c. Percentages of Washington State's general adult at-risk population, between the ages of eighteen and fifty-four distributed by race;
- d. A complete list of felony offenses in each crime forecasting category; and
- e. Limitations in the data.

"Disproportionality" in adult felony sentencing is defined as the degree to which the demographic composition of adult felony offenders differs from that of the general state population. Disproportionality may arise in many stages of the criminal justice system. As such, this report summarizes but does not investigate the causes of disproportionality in sentencing. For the purposes of this report, disproportionality is measured by a ratio, the percentage of a group in an event such as sentencing, relative to the percentage of that group in the population.

Adult Sentencing Disproportionality Ratio Calculation:

A ratio lower than one means that a racial group's proportion of the total felony sentences in Washington State is lower than the racial group's proportion of the total Washington state population.

A ratio higher than one means that a racial group's proportion of the total felony sentences in Washington State is higher than the racial group's proportion of the total Washington state population.

<sup>&</sup>lt;sup>1</sup> ESSB 6032 Section 126(3)

A ratio equal to one means that a racial group's proportion of the total felony sentences in Washington State is equal to the racial group's proportion of the total Washington state population.

The ethnicity data in felony sentences submitted to the CFC are inconsistent; therefore, the CFC uses race in all analyses. The general statewide population is provided by the Forecasting and Research Division at Office of Financial Management.

CFC staff collects only felony sentences from 39 counties in Washington State. The raw data of gross misdemeanor and misdemeanor sentences in this report were compiled and shared by the Administrative Office of the Courts. There may be more than one offense which may be a felony, gross misdemeanor, misdemeanor, or any combination of those in one sentence. In this report, we include only sentences having at least one offense which was initially charged as a felony but was later reduced to a gross misdemeanor or a misdemeanor in the final sentence(s).

#### Findings<sup>2</sup>

- In FY2019, the total number of adult felony sentences imposed between July 1, 2018 and June 30, 2019 in Washington was 24,257.
- The rate and number of sentences imposed in FY2019 are summarized as follows (excluded 96 sentences with unknown race):

32.6 % Property (7,887)	1.9 % Robbery (468)
27.9 % Drugs (6,750)	1.1 % Failure to Register as Sex Offender (266)
20.2 % Assaults (4,879)	0.4 % Manslaughter (97)
10.9 % Other Felonies (2,635)	0.2 % Murder 2 (60)
4.4 % Sex (1,054)	0.3 % Murder 1 (65)

Racial Distribution of Adult Felony Sentences in FY2019:

```
73.2% Caucasian (17,689)
12.6% African American (3,052)
7.9% Hispanic (1,909)
3.2% Native American (762)
3.1% Asian and Native Hawaiian and Other Pacific Islander (749)
```

<sup>&</sup>lt;sup>2</sup> The numbers of sentences referenced in this report are as of November 25, 2019. These are subject to change as missing sentencing data becomes available.

#### Trends in Disproportionality:

In FY2019, African Americans and Native Americans had disproportionality ratios higher than one for the at-risk age group between 18 and 54 as well as the total adult population. In the recent analyses on felony-reduced-to-gross misdemeanor-and-misdemeanor sentences, those racial groups also had disproportionality ratios higher than one: 3.84 (African American) and 1.49 (Native American).

Asians and Native Hawaiians and Other Pacific Islanders had disproportionality ratios lower than one in all observations: adult sentences, at-risk-age adult sentences and adult felony-reduced-to-gross misdemeanor-and-misdemeanor sentences.

Caucasians had disproportionality ratios close to one in all observations: adult sentences, atrisk-age adult sentences and adult felony-reduced-to-gross misdemeanor-and-misdemeanor sentences

#### Limitations

This report summarizes but does not investigate the causes of disproportionality in sentencing.

Every year, the data set of Adult Felony Sentences may include sentences of offenders younger than 18 years who committed serious offenses and were discretionarily or mandatorily sentenced in Adult courts. This special set of data is not included in this report due to its small percentages. These cases are reported in another annual report, the Statistical Summary of Adult Felony Sentencing.
